

Advanced Air Cooled Fluid Cooler

24*
MONTHS
WARRANTY

Excellence in Engineering and Performance

Over **2000** successful installations. Every™ industry, Every™ segment.

100% satisfied customers with more than 50% repeat orders.

Cummins serves wide array of industries like IT, Telecom, Textile, Glass, Refineries, Defence, Chemical, Pharma, Engineering, Cement, BPO, Airports, Hospitals, Hotels etc.

Benefits

- Cooling media is ambient air, 100% water saving
- No water treatment and chemicals required
- No scale formation
- No deration of DG set during extreme ambient conditions
- Cooling tower, heat exchanger & water circulation pumps are not required, if connected in primary circuit
- No air and water pollution
- Maintenance free system
- 2 years warranty in line with engine warranty
- Attractive pay back period
- Weather proof coating*

Cautions

- Maximum vertical distance from the engine top should not exceed 3m & horizontal distance should not exceed 10-15m, if connected in primary circuit
- All internal pipelines should be flushed / cleaned properly
- Sizing & selection of Raw Water Pump is site specific
- Single unit for multiple engines or DG sets not allowed, if connected in primary circuit

Quick Selection for Cummins Engines / DG sets

Engine Model	DG kVA Rating	Primary Circuit Model	New Part Number
